

CUSHION COVER POLICY

PLEASE BRING IN CLEAN COVERS

We're giving your foam a glow-up. Don't throw it back into the funk! Wash those covers like they're going on a first date. We recommend checking your furniture's care instructions.

FREE CUSHION STUFFING (YEP, ON THE HOUSE)

We'll happily stuff your cushions for free — as long as the covers don't try to fight us and as long as you bought your replacement foam from us.

Here's what makes us politely back away:

- No zipper (it's a hard no)
- Broken zipper (we're not zipper whisperers)
- Torn fabric (we do foam, not patchwork)
- Threads unraveling (we've already unraveled emotionally this week)

Disclaimer: We're not responsible for any zipper rebellions or wardrobe malfunctions during stuffing. Proceed at your own risk.

UPHOLSTERY? NOT US.

We're foam specialists, not sewing sorcerers. We can't unstitch, restitch, or do any cushion surgery. If your cushion cover needs a seamstress, it's best to contact a real upholsterer.

ANIMAL BED COVERS

We love your pets, but their beds need a quick spa day (aka: the washing machine) before we stuff them.

Clean covers = happy foam = happy fur babies.

THANK YOU!

You're the best. Thanks for keeping things fresh and letting us make your cushions cushy.
